

Dance Modifications

- Use the Step-by-Step Communicator or other voice output device to:
 - greet and say goodbye to classmates and the teacher
 - give comments and questions to peers (you dance really well!, what's your favourite music to dance to?, do you take dance outside of school?)
 - record applause or cheers to play at end of a routine
 - record reminders from the teacher to the class
- Play music for classmates. Use the Timed function on the Powerlink.

- Deliver messages for the dance teacher
 - e.g.,
 - Mr. James needs to borrow the extension cord. Do you have any that he can borrow?

- Gather props or costumes for up-coming dance activity for the teacher.
- Provide instructions on the Step-by-Step Communicator to the class.
- Pose questions regarding a dance style being studied in class.
